

440 Vadnais Lake Drive, Vadnais Heights

FROM THE SELLER

We were sold the minute we walked through the front door at 440 Vadnais Lake Drive 13 years ago.

Straight ahead, the view through the picture window in the thirteen-foot wall revealed birch, aspen, evergreens, oak and maples in a beautiful backyard.

The golden woodwork surrounding the window and throughout the house complemented the fireplace, countertops and appliances, as well as the bedrooms and bathrooms.

Downstairs, the large open room also had a fireplace and generous cupboards. Another space had a workbench, cupboards and a separate furnace room plus a closed-off storage area. Under the stairway was a another storage area! Outside we could see a tree house and sandbox perfect our grandkids.

We could not believe our eyes as we explored the hallway which, in addition to the two upstairs, led to a large bathroom with a closet and shower. The third and fourth bedrooms in the home also had very large closets.

We knew right away that this would be our home for many years to come.
