This charming 3 bedroom home with 2 full baths has been updated throughout so you can just move in... and the boiler, water heater, roof and ductless mini-split AC are all new in the last 5 years so you don't have to worry about big expenses! Snuggle by the fireplace in the new family room in the drain-tiled basement. Love how the light seeps through the new sun room, love the 2-car garage in the winter, and the fenced yard in the summer!
