166 Windsor Lane

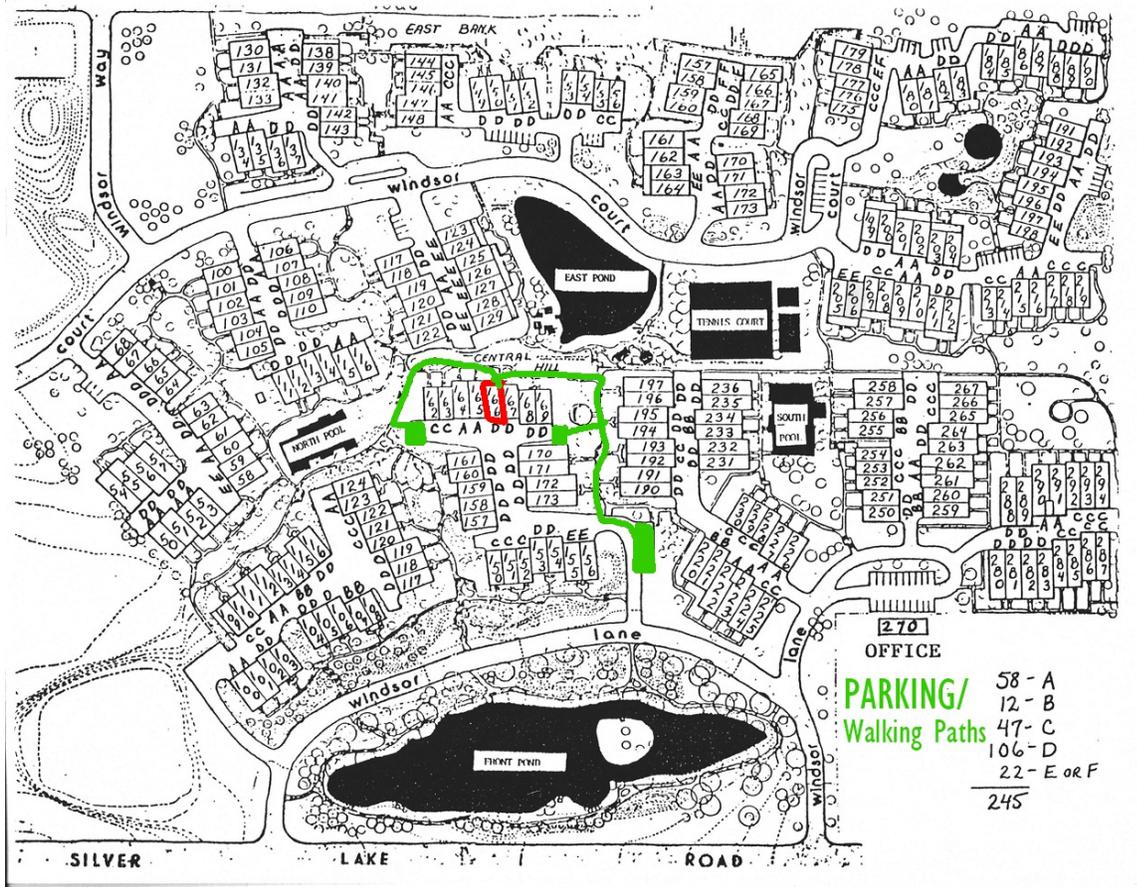

166 Windsor Lane, New Brighton

166 Windsor Lane is located at the highest point in the Windsor Green townhome community, with a peaceful view of the east pond from the upper primary suite. It is also close to the north swimming pool and about equidistant to the south swimming pool, basketball and raquet sport courts and playground. With expansive green grounds filled with mature trees and plantings, Windsor Green was built to feel like living in a resort community... a feeling now enhanced by being across the street from regional Silverwood Park and Silver Lake.

Windsor Green Townhomes was the first owner-occupied town home complex in Minnesota... one which would be cost and land prohibitive to be recreated today. Carefully designed to be an enticing reason to transition from a house, it was well planned when it was built and continues to be effectively self-managed and maintained, with an onsite manager hired by the association board. No rentals are allowed, resulting in residents who take pride in their homes.

Its thoughtful plan with spacious units of six different designs with double garages, 34 acres of beautiful, park-like grounds with miles of paths, 2 swimming pools, tennis and basketball courts, and playgrounds give the feeling of owning your home in a resort setting where everything outside is taken care of for you.

166 Windsor Lane is a well-maintained “D” unit and one of the most spacious, with 3 bedrooms and 2 baths on the upper level, including a primary suite and hardwood floors in all three bedrooms. It features an updated kitchen with stainless steel appliances that opens to the dining room with additional built-in cabinets and walks out to the huge TREX deck with no worries about decay. It is even close to the north swimming pool.

Generations of Family in Windsor Green

What never ceases to amaze me about Windsor Green is how many families have lived there for generations, with so many family and friend connections scattered throughout the complex. People obviously love living there because they stay, sometimes leave and come back... and invite others to join them. This unit is a good example of that, a homeowner with other family members in the complex.
